BREAST FEST CINCINNATI

Amy Lake Stiens

Amy Katsetos

Pink Ribbon Girls, Amy Lake Stiens and Amy Katsetos are this year's beneficiaries.

The Pink Ribbon Girls create awareness in the community that no one travels this road alone... They work to positively impact the community through various events and fundraising activities. They offer support and free services to women with Breast Cancer. These services help with life needs such as house-keeping, meals, transportation as well as to help survivors connect via a private social network. (www.pinkribbon-girls.org)
