ANNUAL MEMBERSHIP/RESOURCE DRIVE

ANNUAL MEMBERSHIP/RESOURCE DRIVE

Welcome to the Indianola Chamber of Commerce's Annual Membership/Resource Drive – a communication tool that educates members about maximizing their Chamber benefits.

This information provides members or new prospects with everything needed to understand the value of being a member of the Indianola Chamber of Commerce. It is an opportunity for all members to get involved with the Chamber at the level and budget they can afford. In addition to your membership dues, the Chamber provides you with investment and networking opportunities that promotes your business and demonstrates your support for the community.

The membership drive is approximately 6 weeks in length and is a time for our members to renew their membership, learn about all of the networking and sponsorship opportunities available, and select the level of investment that meets their business and marketing goals. Since all members get the same information at the same time, every business can maximize the opportunities available only to Chamber members.

Members are required to renew and pay their membership dues by March 1 each year. However, members can arrange to pay sponsorship, networking or marketing opportunities throughout the year. For example, members can be invoiced 60 days prior to the date of the event being sponsored.

Some of the sponsorship opportunities are limited, so be sure to make your decisions soon. To renew your membership or purchase any of the sponsorship opportunities available, you must go online at www.indianolachamber.com. No sale is final until you have submitted your registration online.

In addition to all of these great benefits, the Indianola Chamber wants to help expose, connect and grow your business! We recognize that you are busy and may not have the time or expertise to utilize the technology available through your Chamber membership. We have partnered with Chamber Nation, our technology partner, which connects you to a Chamber Assistant, who has the expertise and skills, you need to help tell your story worldwide. As a Premium member you will be assigned your own Chamber Assistant ("CA") — a smart, highly trained, US-based point person who works remotely as your right hand and left brain to set up your local online presence. You delegate a display task and your CA is on it.

What does your Chamber Assistant (CA) do? Whether it's coordinating a time around your busy schedule to help you manage your online displays or helping keep your local online presence looking terrific—a CA will remove time-sinking, online administrative tasks off of your plate so that you can focus on what's important.

Need to do some preliminary research in order to present your best products and services to prospects? Looking to create a one-time-use local golden ticket to drive new customers into your business? Your CA can review your business offerings, find the best options, and schedule a pre-view to see what you think and then let you get back to your work!

The objective of the Chamber Assistant is to leverage your local Chamber network to promote your business and setup the appropriate product and service displays to impress your customers!

Your additional premium benefits include:

- Onboarding – get help from professionals who do the work for you
- 3-D Storyboard - Creation of a 3-D Storyboard that can be updated any-time, anywhere by your mobile device (get up to 6 ad displays that promotes your business to current and new customers); Update your community web presence, catalog, mobile app, Facebook business page and twitter all at the same time
