

# Mission, Values and Objectives

## Mission

To benefit the community and advance education by providing charitable services to enable and encourage children to reach their full potential. To work closely with schools and youth charities in Leinster and surrounding areas in order to arrange site visits to Companies and other organisations, with a view to expanding children's knowledge and understanding of the roles and functions which are performed within such an organisation or by such an entity and to advise on how they might obtain such a role.

## Values

yH core values are listed below. These values inform every aspect of our services, policies and practices.

- Equality
- Integrity and independence
- Transparency and accountability
- Cost effectiveness and value for money
- Continuous Learning

## Objectives

- a) to provide opportunities for disadvantaged children to enable them to realise that they can aspire to achieving their goals in life.
- b) to demonstrate to children the advantages of education as a means of fulfilling their potential and dreams by introducing them to real life people in real life jobs.
- c) to facilitate various bodies and companies to partake in such projects in a resource neutral manner.
- d) To encourage the merits of education and support natural ambition in young adults who face daily challenges to succeed.
- e) To bring together two worlds that would otherwise never meet at such an important stage in young people's lives.
- f) To minimise expense and administration strain on small local initiatives struggling on a daily basis to support and nurture the next generation.
