

Spa d Bune, a relaxing warm retreat, a place to be nurtured. We all here love to empower others to seek the balance between inner and outer wholeness and wellness. We are enjoying our 10th year in business and we are excited to be featured this month with the San Juan Island Chamber of Commerce. We invite you to come enjoy the beautiful decor and rustically rich interiors that the spa has to offer. Take a tour, meet the staff, relax, restore and renew. Our service offerings are hair design, nail and foot care, facial treatments, wedding services, hair removal, massage and wellness therapy, and a private steam shower. Also available are fine hair and skin care products from Kevin Murphy, Glo Professional Skin Care and Mineral Makeup, and Skin Care by Pevonia Botanica.
