

**Communion  
Semi-Annual Report  
May-October 2014**

**Purpose:**

According to **Revelations Revealed Truth Evangelistic Center's** Vision; we have been called to bring salvation to men and women through the healing and delivering power of the Holy Spirit. Communion serves as a time for the church to come together as one body, one unit. It is a time when the body can participate in this time of repentance, forgiveness, healing, communion with God, as well as a time of worship. The Communion Ministry will help to reach the vision in the following ways:

- We believe that it is important for the members of RRTEC to have communion in a more unified way, we are currently studying the purpose of communion and ways to minister through communion
- . Our dedication is to help develop a strong body of members who are equipped to minister to North Tulsa . In order for RRTEC to minister to others they must be prepared and in God's will as well in order to be a blessing they must be blessed. Therefore we will commit to making communion a time of repentance, forgiveness, healing, communion and worship with the Father.
