Dear Parents/Carers

Another busy week at Breamore! We started with a visit from Paralympian Hannah Stodel. It was great morning with chance for the children to be inspired by Hannah's story and take part in a fitness session led by her.

Each class have a Faith in Action focus that changes each term. The children learn about the work of someone who has been inspired by their faith to work for the good of their community or others. Aristotle and 100 Acre wood listened with interest to Philip Rhoades from Downton Baptist church as he talked of his work in Manila. See an appeal from them below. Avalon were moved by the story of Malala.

Atlantis have been busy this week learning how to code with our new crumble kit. Miss Coombes is our computing lead and today is off to the BETT show in London to learn all about innovation in technology in particular to have a look at Google classroom.

Make sure you follow us on Twitter @BreamoreSchool to keep up with our latest news.

We regularly have house meetings and the children in their houses vote for the charities that they want to support. Brooke has decided to support Cancer Research UK which they have linked with our school value of compassion. They are holding a **non uniform day on Monday 4th February**. Please wear blue, purple or pink (the colour of the charity) for a suggested donation of £1.

Pencils!

Rev Nicky and others from the Avon Valley Partnership are going to visit our link school, Rwangaboka in Uganda soon. The school there has told us that they are in great need

of pencils for the children. The pupils of Breamore would very much like to support them. Please could you send in either writing or colouring pencils to school? The other thing they need is pencil sharpeners. Any **donations should be in school by Monday 4th February**. Many thanks!

Ring Pulls for Key Stage 1.

100 Acre Wood and Aristotle St Classes would like you to collect drinks can ring pulls (NOT from food cans please). This is to support their Faith In Action charity - the **Purple Community Fund** which works with disadvantaged people in Manila, the Philippines. The children heard about them from Philip Rhoades who will be working with them next month. The ring pulls are upcycled into jewellery and handbags and each one is worth 3p for the charity.

Please bring your ring pulls to Mrs Silver who will be collecting them this term.

Our target is to collect at least 1kg! Please help us get there!

Class Assembly

Parents are warmly invited in to 100 Acre Wood assembly this Monday 28th January at 3pm.

British Values:

All schools are required to promote the fundamental British values of:

- Democracy
- The rule of law
- Individual liberty
- Mutual respect for and tolerance of those with different faiths and beliefs

Clare Treble (Year 1/2 teacher at Hale), is our British Values lead. She has worked with

NEWSLETTER

staff to devise a map of how we believe we promote British values here at Breamore. The map has been attached to this newsletter for your reference.

Seesaw Requests

We have been getting requests from a number of parents for new seesaw codes - please can you email Miss Coombes directly who will reply to the email with your child's code attached.

Fairtrade Shop

Rev Nicky will be at school on Monday 4th March after school selling Fairtrade produce. Please support if you can.

Sports Report

On Tuesday, 18 children went to Burgate to take part in a cross country competition. All the children did really well. I came in 2nd and Hazel was also 2nd in her race. Overall the year 5/6 got bronze. We really enjoyed it despite the rain
William S

Yesterday, 8 children took part in a basketball competition at Noadswood school. All children showed great determination and enjoyed trying a new sport. Well done to Ollie P and Georgina for scoring points for our team.

Lover 5km Run

Starting on Lover Green on 3 March at 2pm, run or walk 5k followed by tea, cakes and medals afterwards. Only £5 with group discounts. All abilities welcome.

Eco top tip

Energy conservation is one of the most important things you can do to reduce your carbon footprint. Leaving your electricals on standby needlessly uses up energy - hit the off switch and you could see huge improvements, most noticeably in your energy bills!

Diary Dates

Monday 28th January	100 Acre Wood Assembly Parents Welcome 3pm
