- Materials: Bridge View/Challenger will supply all curriculum materials necessary to complete daily academic assignments. Students are expected to be respectful of materials and may be expected to reimburse Bridge View/Challenger if materials are damaged, destroyed, or lost. Students are expected to supply their own personal school materials (paper, folders, pens/pencils, etc.)
- Daily Assignments: If students receive a 59% (F) or below on a daily assignment, they will have the opportunity to redo the assignment. Students will be given 1 additional class period in school to redo the assignment. When students complete the redo assignment, then the highest grade will be recorded. If students refuse or fail to complete the redo assignment, the original grade will be recorded
- Homework: Students may be given homework when determined appropriate by the teacher, therapist, or at parent request. Homework will be assigned on a schedule appropriate to the students' needs. Homework will be assigned regularly for students preparing to transition or who are transitioning to their home schools. Parents may request homework assignments at any time during placement. Homework that is not turned in on time or is incomplete will impact students' course grades.
- Quizzes & Tests: Students may be given quizzes and/or tests when determined appropriate by the teacher and therapist. In addition to other forms of assessment, at least one quiz or test will be given in at least one subject area per marking period. The number of quizzes and/or tests given will be increased at the teacher's discretion. The content, length, and format of quizzes and tests will be determined on an individual basis. Study time may be provided during the school day.
- Grades: Student work is evaluated by the following system:

- Parents/students may have access to current grades by accessing the teacher's online gradebook, Alma. Login information is available from the student's teacher.
- STAR Assessments: All students will participate in the standardized reading and math STAR assessments throughout the school year.
- Progress Notices & Incompletes: A Progress Notice will be sent home if a student is likely to receive an incomplete at the end of the marking period. An Incomplete may be given in the following situations:

 - A student who is hospitalized or accrues extended absences due to documented illness (these students will be addressed on an individual basis).

A student who receives an Incomplete in one or more subject areas will be allowed 10 days to make up missing assignments. Make-up work will be provided to the student and parent. Students will need to complete all make-up work at home as assigned homework (in addition to any regularly scheduled homework). If students have available time during the school day, they may have an opportunity to work on make-up work. Ten percentage points will be deducted from each make-up assignment. An incomplete NOT made up by the deadline will be posted on the student's report card/transcript as a F.

- Credit is awarded to secondary students. Students must maintain an attendance rate of 60% or higher (excluding written medical excuses) in order to receive credit. Student graduation requirements (including courses and credits) are determined by the student's home district. Credit is awarded for successful completion of course requirements on the following basis: .50 per quarter (1.00 per semester) for academic courses and physical education. Credit for Art and Computer Education will be posted on the student's final Bridge View/Challenger transcript.
- Report Cards are issued at the end of each quarterly grading period. Report cards will be sent (by email or USPS) home at the end of each quarter, including the summer quarter.
- Parent Teacher Conferences are available on an individual and as needed basis. Parents should contact their child's teacher to arrange an appointment.
- Transcripts are sent to each student's home district at the end of first semester (January), second semester (June), and summer (August). Graduating 8th and 12th grade students will receive their diplomas from their home school district.

In such a case, students may earn physical education credit through classroom - based program participation. - **Interactive Group** is a 45-minute weekly (DBT informed) therapy group. Groups may engage in a variety of activities focusing on communication skills, social skills, goal setting and mindfulness.
- **Process Group** is a 45 minute advanced weekly therapy group. Students who have demonstrated the ability to benefit from a less structured, more intensive therapeutic process will be selected to participate.
- **Yoga Therapy Group** is a 45 minute weekly group engaging students in yoga therapy.
- **Individual & Family Therapy**: Each student is assigned to an individual/family therapist. Individual therapy sessions are a minimum of 45 minutes per week. Family therapy participation is a Bridge View/Challenger expectation and will be scheduled by the assigned therapist.
- **Psychiatric Services**: Bridge View/Challenger employs a psychiatric consultant to assist us in the treatment of our students. Any student on psychotropic medication must have their own prescribing psychiatrist. Bridge View/Challenger's consultant does not provide direct services to our students.
- **Clinical Crisis Line**: The crisis line is available after school hours and on weekends to provide students and their family's immediate clinical intervention and support.

STUDENT HEALTH INFORMATION

- **Illness**: If a student becomes ill at school, the school nurse or authorized staff is available to assist them. If a student is running a fever, vomiting, or is otherwise seriously ill, a parent/guardian will be notified to coordinate appropriate treatment.
- **Student Medications**: Any student taking medication at school (including non-prescription medication) must provide that medication in its original container with proper authorization from parent/guardian and/or doctor to the school nurse. It is imperative that all medication changes are promptly reported to the school nurse. Bridge View/Challenger strongly recommends that all medication be delivered to school by the parent/guardian/responsible adult.

STUDENT ATTENDANCE INFORMATION

- **Student absences**: Parents need to call the school office if their child is to be absent from school. If a student is absent three or more consecutive school days due to illness, a doctor's note may be required to re-enter program. If a student misses 5 consecutive school days without parental excuse, written notification will be provided to the student's resident school district.
 - **Excused absences**: When parents call the school to report a student's absence, they are required to indicate the nature of the absence (excused or unexcused). Excused absences would be for illness, physician's appointment, etc. Students are expected to make-up any missed assignments. Make up work is at the discretion of the teacher.

- Unexcused absences: If a student is absent from school and the absence is NOT excused by the parent, the student MUST make-up work that is missed. In addition to any classroom consequences, 10 participation points will be deducted from each make-up assignment.
- Vacations: All vacation time is built into the school calendar.
- Late Arrival/Early Dismissal: Bridge View/Challenger expects parents to notify the school if their child needs to arrive to school late/leave school early for an appointment (medical, employment, etc.). Parents must pick up their child unless other arrangements are made with school office. It is the parent's responsibility to notify the transportation company of transportation changes.
- Employment: Bridge View/Challenger provides a cooperative work-study program for high school credit. Those students interested should meet with the principal for eligibility requirements and guidelines. Bridge View/Challenger will also coordinate pre-vocational and post-secondary transition services with the students' home school district and appropriate related agencies. If a student's work hours conflict with school hours, they may be permitted to depart school early with Bridge View/Challenger approval. Early dismissal is contingent upon student meeting academic and behavioral expectations.

STUDENT CONDUCT

Students learn best in an orderly classroom characterized by students' respect for all Bridge View/Challenger staff members. Students are expected to exhibit positive, pro-social behaviors conducive to a safe educational environment. Students must respect the authority of all Bridge View/Challenger staff members by complying with given requests and directions. Students who behave in an insubordinate manner will be held accountable by appropriate classroom/program consequences as determined by Bridge View/Challenger staff members and/or administration.

Bridge View/Challenger utilizes the Alternate Learning Classroom (ALC), time-out or physical intervention in response to disruptive and/or unsafe student behaviors. These interventions are defined as follows:

The Alternate Learning Classroom (ALC) may be used at staff discretion or student request to address a variety of behaviors or issues that may negatively impact an orderly classroom environment conducive to learning. ALC visits are logged.

Time Out is used at staff discretion when students exhibit verbal or non-verbal behaviors that threaten the orderly classroom/school environment and/or the safety and security of self and others. Students may request the use of time out. Parent/Guardian notification and a behavior incident report will be written when a student requires/requests a time out.

Physical Intervention is used in response to students' behavior that threatens the safety and security of self and others. Physical intervention is conducted by professionally trained Bridge View/Challenger staff. Parent/Guardian will be notified when physical intervention is required and a behavior incident report will be written and made available to parents. Students requiring physical intervention may be subject to an out of school suspension.

- Student Searches: All students and their personal effects are subject to search whenever Bridge View/Challenger staff have reasonable suspicion that the search will produce evidence that a student has violated a school rule or the law. If a search produces evidence that a student has violated either the law or a school rule, such evidence will be confiscated by Bridge View/Challenger staff and may be turned over to law enforcement authorities. A behavior incident report will be written and parent/guardian will be notified.

Prohibited conduct includes but is not limited to name-calling, using derogatory slurs, stalking, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing, possessing, or displaying items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to report claims or incidents of bullying, harassment, or any other prohibited conduct to any staff they feel comfortable with. Complaints will be kept confidential to the extent possible given the need to investigate. Any student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to disciplinary action, including but not limited to, in school consequences, parent and/or school district administrative meeting. Any student making a knowingly false accusation regarding prohibited conduct will likewise be subject to disciplinary action.

 - Sex-oriented verbal "kidding," "teasing" or "joking"
 - Subtle pressure for sexual activity
 - Unwelcome touching

If it does not stop, they should report the incident to a staff member with whom they feel comfortable. All reports will be promptly investigated. Substantiated charges will result in appropriate corrective action, as determined by the school's administration.

Students who see someone else being sexually harassed should encourage the victim to take action. All students suffer when sexual harassment is tolerated
