

Subs Policy

Players will pay their match and training subscriptions by standing order as follows:

Mini-soccer: £13 per month per player paid 12 months of the year

9 and 11-a-side: £15 per month per player paid 12 months of the year

There will be discretion shown for players suffering long term illness/injury or permanently not training due to alternative commitments. This may involve the full or partial refund of any standing orders paid and/or a reduction of the monthly payment accordingly.

Managers are required to open up a bank account to include cheque book and debit card facilities for their respective team using the naming convention we have laid out. Money collected will then be paid to the club treasurer either by cheque or by online banking on a monthly basis and an Income/Expense Form will be submitted.

The club will issue a 'Setting Up A New Account Pack' to each manager to simplify this process.

Standing orders will begin on the 1st September and the first payment to the club by team managers would be due at the end of October. This enables teams to keep one months worth of money in the teams bank account to allow them to pay referees and for incidentals.

If a manager has a player who may be suffering financial hardship, cases would be ruled on by the club Secretary and the Welfare Officer, as delegated by the executive committee, who could show discretion on a whole or partial basis. This enables all players to be included regardless of ability to pay.

The new intake (under 5 and under 6) are complimentary and fees will begin to be levied once league football commences at under 7.

Costs will be fixed for a 2 year period (commencing 1st September 2016) regardless of any annual increases in costs of training venues, pitches, referees, etc.

There is no longer an annual signing on fee.

Rain jackets are fully funded as part of the standard issue kit.

Any training equipment is to be purchased on a 'required' basis rather than a 'nice to have' basis. Refer to the Kit Policy to see what can and what cannot be purchased using funds collected from subscriptions. Please take into account that any expenditure over £50 must be sanctioned by the club secretary before a purchase can take place.

Managers are free to add an appropriate amount to their teams Standing Order for fundraising and/or tournament entries as the team see fit to agree to. They will still be responsible for passing onto the club the standard standing order fees but will collect the remaining monies in the team account.

Players registered for two teams (i.e. Saturday and Sunday teams) who can only attend one training session will have their fees adjusted accordingly.

Training costs are based on venues charging an average of £25 per hour. Any team that chooses a training venue where the cost per hour is more than £25 is expected to increase the amount of each players standing order in order to cover the extra cost. There will be no decrease applicable.

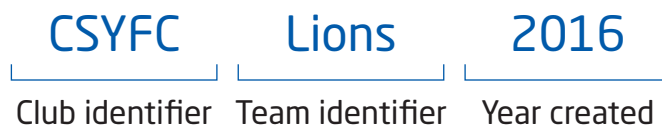

Any questions arising regarding submission of subs should be directed to the clubs Treasurer, **Trevor Farrow** at **tljfarrow@gmail.com**
