

MISSISSIPPI REGIONAL
HOUSING AUTHORITY IV

www.mrh4.com

October 01, 2020

The annual survey of utility allowances was conducted by contacting the service providers to assure no increases in excess of 10% have been realized.

The Survey revealed that an adjustment in the Mississippi Regional Housing Authority IV Utility Allowance is warranted at this time. The water, sewer and trash were increased effective October 1, 2020.

Respectfully
