Dear Educator,

This is an invitation to join the **Ventura County Reading Association**. VCRA is an affiliate of the **California Reading Association** and the **International Literacy Association**. Through membership dues and the generous support of our community and members, the Ventura County Reading Association brings professional development opportunities and literacy events to educators, students and members of our community like you.

Benefits of membership include professional growth opportunities, discounts for VCRA workshops and events, and receipt of CRA's peer-review journal, **The California Reader**.

Events include our popular annual Young Authors Faire and Family Literacy Celebration. This event is a wonderful chance to network with experienced educators from all types of schools in and around Ventura County, showcase writing by your own students, hear from local authors and engage families.

For more information go to www.vcrareading.org or visit us on Facebook!

The cost of membership (\$40 per year and \$35 for students) includes both VCRA and CRA. Membership in both groups begins at the time you join, so please – JOIN TODAY!

Go to www.vcrareading.org to join using Paypal or send in this form & a check payable to **VCRA**:
