

LIFEBOAT Prayer Guide

FEBRUARY 2018

SUN SEAFARERS & THE SAVIOUR

That around the world, all seafarer missions would find creative and relevant ways to present the Gospel to seafarers. That Christian seafarers would find encouragement in sharing their faith.

MON MARGINALIZED SAILORS

That sailors working in unsafe conditions would have their cases heard and receive justice, That sailors being mistreated would find help and support for their situations. That workers facing economic injustices would receive timely compensation.

TUE TOOLS FOR TOUCHING HEARTS

That the M2S devotional called *TODAY for Seafarers* would be widely distributed and be an encouragement to seafarers. That M2S events for seafarers would help establish relational roots between locals and seafarers. That God would grow awareness in us of his vision for seafarers and that we would engage as He directs.

WED CHAPLAINS

That our chaplains would faithfully minister as God leads them. That they would find times of quiet to rest and restore their souls. For health and safety on their daily ship visits.

THU VOLUNTEERS

For Maren, Aimerance, Gamaliel and Danielle: These Canadian Lutheran Bible Institute students from Alberta will spend four Thursdays with us starting February 15th. Pray that their introduction to the work of M2S would be Spirit-led. Pray for Kevin, our regular weekly volunteer who has been a blessing and encouragement.

FRI FAMILIES

Lava is spilling from a volcano in the Philippines. A seafarer's family lives close by and he is worried. Pray for their protection and his peace of mind.

SAT SEAFARERS' CENTRE, MONTREAL

That Mariners' House would continue to be a safe and welcoming place for all seafarers.
