

CALL FOR PRESENTATIONS FOR THE 2019 Eastern Regional TNGIC Meeting

**Would you like to offer a presentation to your peers during the
2019 Eastern Regional TNGIC Meeting in Knoxville?**

The 2019 Eastern Regional TNGIC Meeting will be held in Knoxville on the University of Tennessee Agricultural Campus on Thursday, October 17, 2019.

We have approximately fifteen, 20-minute breakout sessions that we need to fill. This is a great opportunity for you to share a successful project or methodology with your peers or, for students, a good way to bolster your resume/vita. You may present on any GIS-related topic. LCD projectors will be provided.

If you wish to give a presentation, please complete the form at the link below. Submissions will be accepted through Wednesday, September 18, 2019. Please email Ben Baker (bbaker@mymorristown.com) for any questions regarding presentations.
