

It's that time of year again! **Bible Camp**. A whole week of fun, storytelling, music making, recreation, food crafts, water magic, and mission storytelling as we learn about the wonders of **Water All Around the World**. This year's Camp will introduce children to the importance of access to clean water for health, and to make them aware of the way in which this access (or lack of access!) affects the lives of children in other countries. We will be collecting offerings each day to be used to purchase water purification equipment through the organization of Living Waters for the World.

Each evening of this four-night camp includes dinner, an opening time which focuses on a different country, a Bible story, a mission story, activities and crafts, recreation, music, reflection, and a closing time that includes water magic which illustrates some of the surprising characteristics of water.

This Summer Bible Camp is set-up using a rotation model meaning that groups move around from station to station each evening. The children are organized into small groups (10 – 12 children) based on age groupings and shepherded around by two adults to each manned station of two experts. We also have youth volunteering opportunities to assist where needed.

How Can You Help? If you have a child, grandchild, or neighbor who will be going to kindergarten in the Fall through rising 5th grade, you can bring that child to Bible Camp! What else can you do? Perhaps you have gifts that match up with our rotation stations or you enjoy hanging out with kids. Come volunteer to help one night or two or all week. We can accommodate your schedule. What if you feel your time has come and gone in assisting with the children, then please pray for a great attendance and week firstly and secondly, please support our collection of offering by adding to it. Look for the large blue water bottles for collecting this offering.

If you are not going to be in town, there is plenty of organizing assistance that we will need help doing the weeks prior to **Water All Around the World!** Please contact Jill Kimbirl to find out how you can help 704-864-2651!

You can register your child by filling out the [online registration form](#). Please register early and often!
