

Homewood Grown Poinsettia Fundraiser Program

September: Let our Production Manager, Denise Etheridge, know that you are going to participate in the Homewood Grown Poinsettia Fundraiser Program. Set up a delivery location and date. Homewood delivers to one indoor location.

September through October: Sell Homewood Grown Poinsettias! Use our Homewood Grown Poinsettia Flyer (available on our website from links off the Home page) or make your own to help people select the size and color poinsettias they want.

October 31st: Turn in your sales totals to Denise.

November 25th - December 23rd: Your order will be delivered on the date and location that was set up in September.

Poinsettia Delivery Policy: Your order will be triple counted by Homewood staff. We will deliver an accurate count of all your poinsettias. When your poinsettias are delivered, you can confirm your total while our driver waits. A signature will be required confirming that your order is accurate. Sales and delivery of your order are then final.

Homewood suggestions for success:

- Keep your choices simple. Pick 1 or 2 sizes in 1 or 2 colors.
- Sell your poinsettias at double your cost.
- Make sure your final sales counts are accurate before placing your order with Denise on Oct. 31st.
- When poinsettias are delivered:
 - Use the top of the protective sleeve to tote (move) around your poinsettias.
 - Poinsettias need to be inside.
 - Put your order in groups of 10 according to size and color.
 - Once the order is completely unloaded, THEN count.
 - Only 2 people should count.
 - Count twice.
 - If you are not sending out your poinsettias the day they are delivered, we recommend that you pull the protective sleeve down around the pot to preserve the shape of the poinsettia.
