

### **A Message to our Guests:**

We, at El Patio Motel are blessed every year with thousands of wonderful repeat guests and new travelers from all over the world. The safety of our guests and team members is our highest priority at this time.

Tourists are not permitted to visit the keys starting Sunday, March 22<sup>nd</sup> for a period of 14 days (we anticipate that this closure will be extended). Florida keys government officials will reevaluate tourism closures and will update as necessary.

We will be following directives from Monroe County and Key West officials regarding lodging restrictions.

If you have a reservation during a time period that is closed to tourists due to COVID-19 virus, you may either move your reservation to a future date, or you may cancel the reservation for a full refund of deposit. If you booked through a third party, you will need to contact them directly to modify your booking. For reservations outside of the travel restriction window, regular cancellation policies apply. Please stay informed about current and future travel restrictions in the keys, as updates are often available daily. You may visit: [keywestchamber.org](http://keywestchamber.org) for additional updates for tourism in the Florida keys.

Please be patient and kind to one another as we navigate through these uncharted waters together. ONE HUMAN FAMILY! Stay safe, stay healthy, and if your trip has been affected, please COME BACK TO US when you are ready and able to visit our beautiful island of Key West once again! Call us DIRECTLY, always, for the absolute best rates & friendly service: 305-296-6531 or email us:
