

RESOLUTION 97 - 10

Plumas County Support for }
1997 Small Community Grant }
for Indian Valley CSD Septage Pond }

WHEREAS, in 1994, the Westwood Community Services District terminated a contract with Lassen and Plumas Counties to receive septage at its sewage facilities; and

WHEREAS, the only septage receiving facility remaining in Plumas County adds many miles of septage hauling to deposit the septage materials, which has significantly added to the cost of septage pumping; and

WHEREAS, the increased cost of providing septage services has caused residences to allow their septic systems to fail before pumping; and

WHEREAS, the Indian Valley Community Services District agrees that there is a definite need for a septage receiving facility in Western Plumas County and are very willing to provide these services with the proposed Small Community Grant Funding Assistance; and

NOW, THEREFORE, BE IT RESOLVED that the County of Plumas feels that there is a significant water pollution probability if the proposed Indian Valley CSD septage facility is not constructed. Furthermore, we propose that the attached Exhibit A shows a proposed time schedule for the construction of this facility, this Board of Supervisors is in total support of this proposed project and request that its priority level be raised from a "C" to a "B" and, thus, be fundable under the program.

The foregoing resolution was duly passed by the Board of Supervisors of the County of Plumas, State of California, at a regular meeting held on the 15th day of April, 1997, by the following vote:

AYES: 5 DIRECTORS
